Mike Ritorto and Mike Cirian,

Do you have any changes to the attached minutes from the CFAC CLP meeting on January 21?

I'd like to get these into the hands of the members as soon as possible. Please review and send me changes by noon EST Thursday, Feb. 11.

If I do not receive any changes by noon, I'll proceed with mailing the minutes to the members tomorrow afternoon.

Thank you.

There were minutes. I've attach them to this email. As for joint, our understanding is the meeting was not a joint meeting because the panel has not transitioned into a group that falls under the an EPA program. I am copying Andrew on this note to confirm this since you are preparing your progress report.

Hi Mary and Kristi,

Is there meeting minutes from the Jan 21 CFAC public meeting? Also, was the meeting considered a joint meeting held by CFAC and USEPA, or was it considered an EPA meeting?

I'm working on the CFAC progress report and I want to make sure I reference the meeting correctly as to not offend the EPA.

Thanks.
